

# CLARITAS

*Vico Magistretti*

In 1946, Vico Magistretti conceived Claritas, his first lighting design, which conceptually aimed for clarity and brightness. In a context of reconstruction and reconversion of the war industry, for the first time Magistretti used bent metal tubes and a curved aluminium sheet as a reflector, which could be oriented and regulated, ensuring the desired lighting effect.

# LED/HALO

## LAMPING

Source	E27
Total power	150W
Emission	diffused/direct
Switching	dimmable on cable, according to bulb
Tension	230V
IP class	20
Materials	aluminium + steel
Notes	cable length 3,3m, orientable
Net lamp weight	5 kg

## Codes

CLA ENN 21

## Structure

black

## PACKAGE

Package 01

Dimension: 29x29x195 cm / Gross weight: 7,5 kg

## Certificazioni
