ÉLÉMENTAIRE

PRODUCT FACT SHEET

ÉLÉMENTAIRE

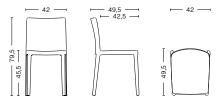

DESIGN BY RONAN AND ERWAN BOUROULLEC, 2018

With Élémentaire, Ronan and Erwan Bouroullec set out to create a chair that is both aesthetically and physically balanced with a sustainable profile. Élémentaire uses 100% recycled polypropylene and the latest technology to create an eco-friendly chair that is robust enough to be a long-lasting object while still appearing delicate. Precise proportions and a clear profile give Élémentaire a charm that allows it to stand out on its own or look strong in a group. Designed for everyday life, Élémentaire fulfills basic needs in a balance of beauty and strength. Locally produced in Denmark, its durability and resilience make it suitable for both indoor and outdoor use.

HIGHLIGHTS

- · Recycled material.
- · UV resistant material makes the chair suitable for outdoor use.
- · Available in different colors.
- \cdot Suitable for a wide variety of private and public environments.
- · Qualified for contract use.

Molded polypropylene with fiberglass added.

COUNTRY OF ORIGIN

Denmark

COLOR

Please note that the color codes are indicative.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimize our environmental impact. We optimize the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
