

SLIT TABLE

PRODUCT FACT SHEET

SLIT TABLE

DESIGN BY HAY, 2014

HAY's Slit Table is a geometric steel side table inspired by paper origami techniques. The slim frame appears folded beneath the tabletop, creating a simple yet sculptural form that is reminiscent of traditional Japanese paper art. The Slit Table is available in a selection of different shapes and sizes, and is offered in a variety of contemporary colors and finishes. Compact and versatile, it can be used on its own or arranged in clusters in diverse private or public settings.

HIGHLIGHTS

- A family of tables featuring round and oblong shapes in different powder coated colors, brass and polished stainless steel.
- Available in different sizes and heights.
- Suitable for a wide variety of private and office environments.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.

CARE & MAINTENANCE

Our Care & Maintenance offers guidance for optimal maintenance of your HAY product. It includes advice and instructions on cleaning and caring for specific materials to prolong the life of your furniture. Find the guide at [hay.com](https://www.hay.com).
